## Join Animal Angels Foundation

**Animal Angels Foundation** wants you to share a smile and the healing power of animals. We are India's only organization, consisting of trained professionals working in animal-assisted therapy (AAT) and animal-assisted activity (AAA). Animal Angels helps people of all ages with physical, social, emotional and cognitive needs in a variety of ways.

**Animal Angels Foundation** volunteers know what a difference pets make in our lives. They laugh and remind us about what is important. They relieve our stress and calm our hectic pace of everyday life. Imagine what a rewarding experience it is to share your pet with someone in physical or emotional pain. You may select from many facilities, schedules and experiences.

Most visits last one hour and are scheduled for a specific day and time. As an Animal Angels' Team volunteer, your first commitment will be to the people you visit and to your team. They will count on you to make your scheduled visits or to find a substitute if you have a conflict. If you find that your schedule changes or your pet's needs change, you can drop out of a team at any time. However, we count on you to give your team leader at least a month's notice and to find a substitute for any visit you cannot make.

---
